

Harmful Practices and Safeguarding Children

Background

This course is designed to equip participants with an understanding of harmful practices, to critically analyse safeguarding concerns and how to respond to children who are at risk.

Learning Objectives

Participants will:

- Gain an understanding around what harmful practices are along with the international and national debates.
- Have an overview of the range of harmful practices including those known to be taking place locally and nationally.
- Gain an awareness of the signs and symptoms associated with different harmful practices.
- Explore key messages from policy, research and serious case reviews.
- Explore risk factors, how to assess risk and how to respond appropriately to concerns.
- Be made aware of the roles and responsibilities of agencies.
- Consider where to access resources and services.
